July 07th 2017: **Low Sexual Desire In Men**

In this show Colette will talk about low sexual desire in men. She will explore biological, psychological, relationship, and sexual development factors that impact sexual desire in men. Colette will interview a young woman who is married to a man with low sexual desire. Colette will give advice about what this couple can do. Colette will also interview Jeff Pollock, PA, who specializes in hormone therapy. He will talk about which hormones affect sexual desire in men, and what can be done hormonally to help men revive their sexual desire.
